Eastern Question or Balkan Nationalisms? Balkan history reconsidered

**Dienstag, 11. April 2017, 16.00 Uhr, Vortragssaal (IEG, Alte Universitätsstraße 19,
55116 Mainz)**

The lecture will be critical to the two dominant historiographical narrations on the topic of Balkan revolutions: instead of adopting a description of the national movements as results of the dissolution of the territories of the Great Ottoman patient from the Great European Powers or an autonomous process of repetitive awakenings of sleeping Nations, drugged from the Oriental influence of their ruler, I will attempt a classification as well as a new description of the Balkan national movements as a continuous feedback with the internal sociopolitical schisms in Western Europe, as expressed in the Great revolutionary crises from the end of the 18th to the beginning of the 20th century.
